PROFESSIONAL EXPERIENCE

HCL Softwares   Bangalore, Karnataka
Senior Software Engineer   JAN 2022– Present

- Moved the application from standalone to client server architecture using Java, Springboot, **creating an accessibility from any remote system.**
- Integrating the Microsoft 365 feature using **JavaScript**, to save the Mainframe contents on the drive, this feature **encouraged the customer to be able to share the content in excel or in word format**.
- Added the FTP and VT Feature in the product using **Angular and Nodejs**, t**his implementation helped the customers to transfer the files from local to remote, which is used quite frequently.**
- Containerised the complete HOD and HACPEE application, using containerisation like **kubernetes (helm) and Docker (docker compose) and Public clouds like Azure(deploy.yaml)**.
- **Notable achievement:** optimized debugging process by having a separate jar signing using **Ant, which used to take earlier 5 hrs to now only 5 mins**.

Infosys Limited   Mysore, Karnataka
Senior Systems Engineer   NOV 2019 – JAN 2022

- Migrating the old data/ live ingestion that was present in the Hadoop to Nuxeo using Java and Springboot. **Which reduced the cost for the client by millions of euros.**
- Improving the **code coverage from 30% to 80%**.
- **Recognized for contribution**s to efficiency improvements in the delivery and taking the complete responsibility of the project.

Indian Railways   Mysore, Karnataka
Intern   JUL 2018 – AUG 2018
Worked on providing a feasible solution for tracking and filtering circuits. Focused on mitigating the effects of surges that impacted circuit performance, ensuring stability and reliability.

TECHNICAL SKILLS

Programming Technologies	Java, Angular, Node.js, Springboot
Databases	MySQL, Postgresql
Softwares	VSC, Eclipse, Git,
Other Tools	Docker, Kubernetes
Other Skills	OOPs, Microservices, LLD, Junit

EDUCATION

NMIMS University, (Distance)   Pune, Maharashtra
PGDM, Information Technology services management   *2022*

ATME College of Engineering, VTU (Fulltime)   Mysore, Karnataka
BE, Electronics and Communication Engineering   *2019*

Sadvidya Semi residential PUC, PUE board (Fulltime)   Mysore, Karnataka
PUC, Electronics   *2015*

HACKATHONS

- HCL HACKATHON 2023: Received Simplicity Award for reducing the time taken to sign the jars used for debugging.
- ABN AMRO HACKATHON 2021: Presented Idea for automating the Standard Batch Application.

CERTIFICATES

- AZ-900 Microsoft Azure Fundamentals certified.
- AI-900 Microsoft Azure AI Fundamentals Certified.
- AWS Certified Cloud Practitioner.
